Bringing Gifts of Hope

Christmas is only just around the corner and you may be wondering what gift you can give to your family and friends.

Why not honour someone you care about by giving a life changing gift to help these orphaned and vulnerable children in Chipulukusu, Zambia. Christmas Day is no different to any other day for them. There are no presents or special Christmas dinner. But your gift can contribute to bringing some hope to their lives.

Choose from a range of gift items and we will send you a beautiful card describing how your gift will help, for you to pass on to the member of your family or friend you choose.
